tackling online safety in a fun & creative way

Curriculum Compliant Online Safety Programme

Teaching Online Safety in School will be compulsory from September 2020 as part of the Relationship Education curriculum

School Leaders are signposted by the DOE to the 'Education for a Connected World' Framework. The following area's need to be addressed with varying requirements for each Key Stage;

- Self Image & Identity
- Online Relationships
- Online Reputation
- Online Bullying
- Managing Online Information
- Health Well-being & Lifestyle
- Privacy and Security
- Copyright and Ownership

eAWARE launched the Online Safety for Schools programme in March 2018.

The programme tackles online safety in a fun and creative way for KS1 & KS2.

Currently the eAWARE programme covers...

100% of the online safety requirements for KS1
92% of the online safety requirements for KS2

Additional modules are currently being developed to cover the missing topics - by September 2020 the eAWARE programme will cover ALL requirements outlined by the new framework for primary school pupils.
